Black Bears spend the winter in dens. Color this bear brown.

7

What do Animals do in Winter?

by:

Chipmunks spend the winter in underground burrows. They store nuts and seeds in their burrows. Draw an underground burrow for this chipmunk.

5

Some birds tuck their beak under their wing to stay warm. Color this bird blue.

2

**Directions:** Write your name on the line on the cover page. Color the pictures. Then cut along the dotted lines. Fold each strip in half so that you see one picture on each page. Make sure that the cover is on the front and the pages are in the correct order. Then staple your booklet together.

---

The Western Tanager is a colorful bird that migrates to Mexico in winter. Color its head orange, its wings black, and its body yellow.

1

Deer grow a thick coat in winter. Give this deer a winter coat.

6

---

Some birds flock together and fluff their feathers to stay warm in winter.

3

Desert tortoises spend the winter in underground burrows. Draw an underground burrow for this tortoise.
