W *Weekly Report* is published by the Arizona Game and Fish Department's Legislative and Government Affairs Division. During the state's legislative session, we provide a summary of legislation that pertains to the Department, and a tracking list of bills that may have potential impacts to the state's wildlife and wildlife resources. The Legislative and Government Affairs Staff also actively monitor and report on Congressional Legislation with potential impacts to the Department, and those reports are also available online at: http://www.azgfd.gov/inside_azgfd/legislative_affairs.shtml.

Legislative News:

- **Today marks the 75th Day of Arizona's 49th Legislature, 2nd Regular Session**
- This past week it was business as usual at the state's capitol. Bills moved through the legislative process relatively rapidly in light of the potential for a normal *sine die* adjournment date. The healthcare package that was passed in Congress last weekend was discussed on the floor in both chambers. Resultantly, the Governor has called for the 8th Special Session to propose statutory changes to allow the state to take legal action. The Governor has expressed concerns as to the state's sovereignty and burdens to the state's budget with the new federal healthcare mandate in place. [Governor's Proclamation](#). The 8th Special Session is to convene on next Monday, March 29th at 1:45PM. [Governor's Press Release](#).
- The House passed HCR 2008; constitutional amendment; hunting and fishing this past week, mostly along party lines, by a vote of 37-18 [Vote Detail](#). The proposed ballot referendum has been transmitted to the Senate. The Arizona Game and Fish Commission has voted to support this measure. If adopted by voters in November, the measure would amend the state's constitution to include protections for future hunting, fishing and trapping in Arizona, for the purposes of conserving and managing the state's wildlife.
- The House also considered SB1200 on 3rd read, substituted for HB2189, which is an identical measure. The House passed the measure by a vote of 36-19 [Vote Detail](#). The bill has been transmitted back to the Senate (the chamber of origin) where it will not require further consideration, but only need to be transmitted to the Governor from there. The measure has been opposed by the Commission for a myriad of reasons, most poignantly for its exclusive provisions. Members explaining their vote on the measure, also expressed concerns for the establishment of poor precedence for the more than 250 other boards and commissions that

are gubernatorial appointments AND usurpation of the Executive Branch authority. Fate of this measure rests in the Governor's hand now, who has historically impressed others with her tendency to take actions that are "right," over those that are "popular." May this prove no exception to that track record.
