In your opinion, what are the advantages of the preferred location?

Any Place is better Than None

In your opinion, what are the disadvantages of the preferred location? How could they be avoided?

NOT as accesable in the winter as Twin Arrows + will most likely meet with more opposition

Other comments or input?

If The Casino/hotel goes in near Twin Arrows, it could if worked right offer a place for Shooting contestants to stay + People from all over the country staying at the Casino could learn of the Shooting facility

In your opinion, what are the advantages of the preferred location?

LIVING IN N. AZ, WE WOULD NOT HAVE TO DRIVE TO BEN AVERY TO SHOOT. I ALSO BELIEVE IT WOULD BE A BENEFIT FOR PEOPLE TO SHOOT THERE INSTEAD OF IN THE WOODS.

In your opinion, what are the disadvantages of the preferred location? How could they be avoided?

I DO NOT FAVOR THE PREFERRED LOCATION

In your opinion, what are the disadvantages of the preferred location? How could they be avoided?

1) PERMANENT LOSS OF ~~VALUABLE~~ VALUABLE WILDLIFE HABITAT. 2) COMPLAINTS FROM RESIDENTS OF MUNDS PARK 3) CLEAR CUTTING OF TREES IS VERY UNPOPULAR 4) SNOW 5) POTENTIAL T&E SPECIES CONCERNS 6) POTENTIAL WATER QUALITY ISSUES W/ OAK CREEK

Other comments or input?

THE LOGICAL PLACE TO BUILD A RANGE IS EAST OF FLAGSTAFF IN THE WINONA AREA. THE LAND IS FLAT, RELATIVELY TREE LESS, IS NOT VALUABLE WILDLIFE HABITAT, AND WILL NOT BE AS CONTROVERSIAL AS THE WILLARD SPRINGS SITE.

In your opinion, what are the advantages of the preferred location?

It is good sedond choice. More snow, rain & cold than if it's put in Verde Valley (but cooler in Summer). Pretty good on mileage from Flagstaff, CV, Lake Montezuma/Rimrock/Cornville, not quite as good for Cottonwood/Jerome.

In your opinion, what are the disadvantages of the preferred location? How could they be avoided?

It's not closer to my(our) house. Put it between Camp Verde & Cottonwood. Put it near the Motocross Track (near Steve Covey GMC).

Other comments or input?

Would like copies of info on posters for pushing a Verde Valley Range!

In your opinion, what are the advantages of the preferred location?

CONVENIENT FREEWAY ACCESS - A BEAUTIFUL FORESTED LOCATION WITH NATURAL SHADE

In your opinion, what are the disadvantages of the preferred location? How could they be avoided?

POSSIBLE THAT MANY TREES WILL HAVE TO BE CUT - CAREFUL & CREATIVE PLANNING CAN AVOID THAT.

WILDLIFE DISRUPTION BECAUSE OF THE FOREST (THERE STILL IS ROOM FOR WILDLIFE TOO)

Other comments or input?

THE WINONA SITE WOULD STILL HAVE CONVENIENT ACCESS & WOULD NOT HAVE THE SAME FOREST CONCERNS

THE SITE ON 180 SEEMS LIKE A VERY INCONVENIENT SITE AS FAR AS TRAVELING -

P.S. THANK YOU - THIS HAS BEEN A LONG TIME COMING. I'M LOOKING FORWARD TO THIS.

1. Potential heavy snowfall at this high elevation may interfere with shooting activities and hamper vehicle access.

Other comments or input?

Thanks to everyone involved in their effort to bring a much needed shooting facility to Northern Arizona.

Cochrane Hill would be my first choice, but Willard Springs should prove quite acceptable.

None. It is the best location.

Other comments or input?

I really like that it will support rifle, pistol, Archery & shotgun. I especially like the 4 target courses. I assume those are going to be 3D courses. Now we won't have to search the forest for a safe place to shoot.

Build it soon! My whole family is looking forward to it!

In your opinion, what are the disadvantages of the preferred location? How could they be avoided?
DISTANCE FROM WILLIAMS. I HOPE YOU CAN GET A "BUFFER" ZONE AROUND THIS RANGE LIKE BEN AVERY DID.

Other comments or input?
IN ADDITION TO THE PROPOSED LOCATION YOU (AZGF) SHOULD CONSIDER ~~SEVEN~~ A SERIES OF SMALL (~~200~~ 500 YARD OR SHOTGUN OR ARCHERY) RANGES. THAT WAY THOSE OF US IN DISTANT LOCATIONS WOULD BE ABLE TO HAVE A PLACE TO SHOOT OR TEACH. I'm A HUNTER ED INSTRUCTOR & SPORTING CLAYS INSTRUCTOR & WOULD LOVE TO HAVE A PLACE TO SHOOT NEAR WILLIAMS. I WILL TRY TO TAKE MY STUDENTS TO THE NEW FACILITY AT LEAST ONCE.

In your opinion, what are the advantages of the preferred location?

The ability to have a big location like Ben Avery. A set place to go to sight in Rifles for hunting. Will be good for Hunter Education programs and Youth sporting Clays program for competitions. I would be willing to help at the Range once it is built.

In your opinion, what are the disadvantages of the preferred location? How could they be avoided?

long drive from Williams. After speaking with Bob Broscheid I don't think we have a better option

Other comments or input?

Could we have smaller unmanned Ranges put up on the ~~Fed~~ lands that were offered to be donated such as Williams. Small 300yd Range would be great, Hunter Ed classes for people who come from out of state to hunt in Williams they wouldn't have to drive so far to sight in Rifles / bows

Get NRA, Police, Sheriff etc to donate money to build.

Other comments or input?

Work with Public Safety and Hunter Education instructors to set up smaller satelite ranges. It would be hard to travel 50 miles to have a Education range outing for 10-15 students (time constraints).

BEAUTIFUL AREA.

In your opinion, what are the disadvantages of the preferred location? How could they be avoided?

TO ME THERE ARE NO DISADVANTAGES TO BE

ABLE TO GO OUT & SHOT IN A SAFE - CLEAN PLACE.

Other comments or input?

THIS AREA NEEDS A RANGE. PEOPLE GO OUT

& SHOOT IN OPEN AREAS. MOST LEAVE A MESS WHERE

THEY LEAVE. I DON'T LIKE TO GO OUT TO SHOOT & SEE

CRAP ALL OVER. SHOULD BE DONE BEFORE DEVELOPERS

In your opinion, what are the advantages of the preferred location?
I have not made a comparison. However, I have professional experience in exclusionary & siting for hazardous industrial waste disposal facilities in several states and Canadian provinces and wrote a guide for the World Health Organization. This process & criteria closely parallels the methods my colleagues and I used. I would rely on it.

In your opinion, what are the disadvantages of the preferred location? How could they be avoided?
The small-bore rifle range should include at least 50 yd & pref 100 yd. Small-bore rifle is not equivalent to pistol — but the 50 ft. distance is equivalent.

Other comments or input?
Small-bore & high-power ranges should include places for position (stand/kneel/sit/prone) shooting as well as bench-rest.

☆ This looks well-thought-out and is certainly needed over
