To: Bob Broscheid

Subject: N. AZ Shooting Facility

Dear Sir:

I am not against a regional shooting range. I am strongly opposed to having the range so close to Munds Park. Of your three final choices, you picked Munds Park, the most heavily populated area. Munds Park has over 8,000 full and part time residents in this area because of its peace and tranquility.

You stated that your first-level criteria is to be sensitive to environmental issues, which means relating to potentially harmful factors originating in the environment. Your job is to protect the natural environment. Your shooting range so close to Munds Park will negatively affect our environment.

My concerns are:

1. Your shooting range will potentially drive away the herds of wild elk and deer we have in the area and scare away the rest of the wildlife creatures
2. Can you guarantee noise from shooting will not be heard in Munds Park or any other nearby residential area? How many people will your events bring in?
3. You will have all levels of shooting ability on your range and many shooters. Will stray bullets accidentally discharged be able to reach our neighborhood? Look at what created Megan's law.
4. Since Munds Park is the closest facility to your range and campground for restaurants, gas, supplies, and ATV rentals, we will become congested with the people who are coming to use your range and campground.
5. You intend to have a campground which will keep people here for days at a time.
6. People using the campground and range will bring their ATVs to Munds Park and drive up and down our quiet neighborhood streets all hours of the day and all days of the week constantly disturbing our peacefulness. How large a campground?
7. A new entrance to the forest for ATVs is being created at Iron Springs Road which is right in the middle of a highly populated neighborhood. This area will be greatly impacted by people from your campground and range trying to gain access to the forest. It will also be detrimental to the forest environment.

- 8 Our main road, Pinewood Blvd., is the closest and shortest route to Mormon Lake, which is another much sought after location. Pinewood Blvd. will become a major thoroughfare for all the trucks and ATVs that want to get to Mormon Lake.
- 9 Your site will encourage more vendors and commercial operations to be built in or near Munds Park – potentially more gas stations, motels, ATV rentals, quick food places and dumping of garbage in and around Munds Park.
10. More people in and around our forest area greatly increases the risk of man made forest fires in an already dangerously dry situation. I already had my first Munds Park home destroyed by a man made fire.

Many of us are long term residents of Munds Park and chose the area to be in the peacefulness of the forest and all it has to offer. We do not want to be close to the very things your shooting facility and campground will bring. Your facility will greatly negatively affect our life style and make Munds Park a less desirable place to live for the permanent residents and those who bought vacation homes to get away from all the noise and congestion. I would never buy a home here knowing it was that close to a huge regional shooting facility.

Choose another area that won't disturb the environment of so many local residents. Your other choices are further away from heavily populated areas and still close enough for everyone to enjoy.

Build your facility with our blessings. But, build it somewhere far away from Munds Park. Let Munds Park enjoy the peacefulness with nature that we came here for.

**PLEASE DO NOT RUIN OUR ENVIRONMENT WHICH YOU HAVE SWORN TO PROTECT.**

Respectfully,

Jim Ziska

I am an avid shooter and hunter and have been for over fifty years. I have lived in the Doney Park area for nearly four years and have shot in most of the legal shooting areas around Flagstaff during that time. I think we will all agree of the need for an established shooting range in North Central Arizona. I do not believe, however that the Munds Park site is the best choice for that range. We have all gone through the disappointments of the Belmont project, and I see this as another similar failure. There are a lot of reasons why this probably isn't a good choice, but to name just a few, the topography would have to be altered significantly, numerous trees would have to be removed, prime habitat for numerous species would be disturbed. The challenges from Munds Park residents as well as Oak Creek residents have already started and will end as Belmont did. It would seem a better use of resources to start with a more practical site that has a real chance of success.

I have visited the proposed sites and the one east of Winona seems to stand the best chance of success. It is currently used by numerous shooters and has been a shooting range in the past. It is remote, and once in operation would bring fewer challenges from local residents regarding noise, traffic and other real changes associated with an operation of this type.

Please, lets all step back and take a real close look at the next step. It could be a real savings in both time and tax money. If there is anything I can do personally to assist with the project please don't hesitate to contact me at the above email address, by regular mail or by telephone: 928 607-9324

Thank You

Gary Walker

## COMMUNITY INFORMATION MEETING Tuesday, April 25, 2006

### Comment Sheet

Thank you for attending tonight's meeting. We would appreciate your input on the development of the Northern Arizona Regional Shooting Facility. You may leave your comments today or send your comments by **May 12, 2006**, to Mark Meyer, Logan Simpson Design Inc., 51 West Third Street, Ste. 450, Tempe, AZ 85281, phone: 480-967-1343, fax: 480-966-9232, or e-mail: mmeyer@lsdaz.com.

Name: Charles Wm. (Bill) Barnes

Address: 4609 S. Lance Rd., Flagstaff, Arizona 86001

Would you like to be included on our mailing list?  Yes  No

How did you hear about tonight's Open House?  Newspaper  Mailer

Public Service Announcement  Other NRA Card

In your opinion, what are the advantages or disadvantages of the preferred location?

Advantages: 1. Convenient to those in Flagstaff, Camp Verde areas. 2. Secluded enough not to be a disturbance. Disadvantages: NONE.

How can operation and management of the Shooting Facility (i.e. hours or days of operation, types of activities) be used to make the facility a good neighbor in the community?

To be opened during normal daylight hours, have covered facilities, picnic table, etc.

Other comments or input?

Hang in there, keep up the good work and continue to support the 1st Amendment and ~~the~~ Lady Liberty!

In your opinion, what are the advantages or disadvantages of the preferred location?

ADVANTAGE OF THIS LOCATION IS THAT THOSE WHO WISH TO SHOOT IN A CONTROL AREA FROM CITIES FROM 40 AND THOSE FROM OFF THE RIM HAVE GREAT ACCESS TO THIS AREA. DISADVANTAGE IS MUNS PART RESIDENTS AND THEIR CONCERNS.

How can operation and management of the Shooting Facility (i.e. hours or days of operation, types of activities) be used to make the facility a good neighbor in the community?

OPERATION FOR ALL LEGAL AGES, QUALIFICATION CLASSES + TESTING. HOURS DOWN TO PUBLIC. ~~AMOUNT OF TIME IS~~

Other comments or input?

WE NEED A SHOOTING FACILITY IN NORTHERN AZ, FLAGSTAFF AREA IS THE BEST LOCATION FOR ALL.

In your opinion, what are the advantages or disadvantages of the preferred location?

GOOD LOCATION FOR SEMINAR - WINTER COULD BE A PROBLEM - RECOMMEND INDOOR RANGE

How can operation and management of the Shooting Facility (i.e. hours or days of operation, types of activities) be used to make the facility a good neighbor in the community?

AS AN NRA PISTOL INSTRUCTOR, THE BENEFITS OF HAVING SUCH A FACILITY SHOULD BE MORE THAN APPARENT.

Other comments or input? I WORK FOR A VERY LARGE CONSTRUCTION COMPANY AND AM A SENIOR OFFICER, I'M ALSO A CERTIFIED BY NRA, PISTOL INSTRUCTOR.

I WOULD LIKE TO BUILD IT AND THEN TEACH SAFETY CLASSES. I'M WORKING ON MY R.S.O

Public Service Announcement       Other \_\_\_\_\_

In your opinion, what are the advantages or disadvantages of the preferred location?

Advantage - easily accessible, but secluded enough to establish safe environment

How can operation and management of the Shooting Facility (i.e. hours or days of operation, types of activities) be used to make the facility a good neighbor in the community?

✓ Allow access to surrounding roads, camping areas, hiking trails.

✓ Limit night-time activities

Other comments or input?

I have a cabin in the Munds Park area & reside in Prescott. I'm in law enforcement and see the need for this range.

In your opinion, what are the advantages or disadvantages of the preferred location?

No opinion at this time

How can operation and management of the Shooting Facility (i.e. hours or days of operation, types of activities) be used to make the facility a good neighbor in the community?

TRAIN GOOD VOLUNTEERS. Range should not harass in any way the neighbors.

Other comments or input?

Range a little far to drive from Prescott, but I think it is a good idea.

How did you hear about tonight's Open House?  Newspaper  Mailer

Public Service Announcement  Other NRA Notified vs.

In your opinion, what are the advantages or disadvantages of the preferred location?

I believe this is an excellent location. It is in a hilly, wooded area which will reduce noise. It is also more readily accessible to Flag area residents.

How can operation and management of the Shooting Facility (i.e. hours or days of operation, types of activities) be used to make the facility a good neighbor in the community?

Shooting (firearms), archery ranges and needed. Building facilities for protection weather, shade, etc, will be good. A picnic-camping area would also be good.

Other comments or input?

You folks hang in there and KEEP UP THE GREAT WORK THAT YOU ARE DOING

How did you hear about tonight's Open House?  Newspaper  Mailer

Public Service Announcement  Other WORD OF MOUTH

In your opinion, what are the advantages or disadvantages of the preferred location?

IT WILL PROBABLY BRING MORE TRAFFIC TO THE AREA, HOWEVER THAT TRAFFIC WILL PROBABLY BE A MORE CONSCIENTIOUS & RESPONSIBLE GROUP OF INDIVIDUALS. THERE WOULD HAVE TO BE A MORE POSITIVE IMPACT FOR LOCAL BUSINESS. A SAFER AND BETTER EDUCATED SHOOTING PUBLIC WOULD DEFINITELY BE OF VALUE.

How can operation and management of the Shooting Facility (i.e. hours or days of operation, types of activities) be used to make the facility a good neighbor in the community?

YOU'RE THE PROFESSIONALS! I WOULD THINK YOU WOULD HAVE A BETTER HANDLE ON THAT ISSUE & HOW TO MANAGE IT OVER TIME.

Other comments or input? I CAN SEE ONLY AN INCREASE IN TRAFFIC TO OUR LITTLE KNOWN AREA AS A POSSIBLE NEGATIVE.

AS SAFE AS I FEEL I AM WITH MY PERSONAL GUN HABITS, I ALWAYS FEEL SAFER IN THE PRESENCE OF KNOWLEDGABLE TRAINED PERSONNEL LOOKING OVER MY SHOULDER.

How did you hear about tonight's Open House?  Newspaper  Mailer

Public Service Announcement  Other \_\_\_\_\_

In your opinion, what are the advantages or disadvantages of the preferred location?

SAFETY, Already Cleared Area - economic input into Munds Park - closer to most of Flagstaff population - easy access - paved road existing - no need to cut many or any trees

How can operation and management of the Shooting Facility (i.e. hours or days of operation, types of activities) be used to make the facility a good neighbor in the community?

Due to the remote location from Munds Park it is difficult to imagine any activity period which would impact Munds Park residents.

Other comments or input? I feel that this range will be an enormous positive impact on Northern Arizona - particularly Munds Park - when the economic overflow to our local businesses and maybe even employment opportunities.

A proper training facility for our law enforcement members who protect us all, cannot be overemphasized.

In your opinion, what are the advantages or disadvantages of the preferred location?

Advantages are the forest will be kept (noise, lead etc) and there will be more control of the shooting sports.  
Disadvantages: more traffic in and around Maricopa Park.

How can operation and management of the Shooting Facility (i.e. hours or days of operation, types of activities) be used to make the facility a good neighbor in the community?

the hours of operation should be advantageous to the people in community who will be using the facility. the more with use of local communication for special event.

Other comments or input? over all this range will be a good addition to the area.

Yes, Munds Park - Willard Springs is a good idea  
please put the range here.

How can operation and management of the Shooting Facility (i.e. hours or days of operation, types of activities) be used to make the facility a good neighbor in the community?

In your opinion, what are the advantages or disadvantages of the preferred location?

THE LOCATION IS PERFECT. IT PROVIDES A SAFE SHOOTING ENVIRONMENT FOR ALL SHOOTERS TO EXERCISE THEIR GOD-GIVEN RIGHT TO EXERCISE THEIR PERSONAL RIGHT TO KNOW HOW TO PROTECT THEMSELVES AND THEIR LOVED ONES. NONE OF US WANTS TO BE A VICTIM WITHOUT HAVING THE RIGHT TO PROTECT OURSELVES.

How can operation and management of the Shooting Facility (i.e. hours or days of operation, types of activities) be used to make the facility a good neighbor in the community?

IT CAN PROMOTE A HARMONIOUS RELATIONSHIP BETWEEN NEIGHBORS IN THIS DAY THAT PEOPLE NEED THAT. GOOD, SAFE OPERATION OF THE SHOOTING FACILITY, HOPEFULLY 7 DAYS PER WEEK, 12 HOURS PER DAY WOULD GET ME AND MY WIFE BACK INTO THE WONDERFUL WORLD OF GUNS AND THEIR SAFE ENJOYMENT.

Other comments or input? WE HOPE THE FACILITY WILL BE COMPOSED OF BIGBORE AND SMALLBORE

RIFLE, PISTOL, SHOTGUN RANGES FOR ALL COMMON RANGE DISTANCES INCLUDING OUT TO 1,000 YARDS. I HOPE THERE WILL BE PLANS TO INCLUDE FIREARMS INSTRUCTION AND COMPETITION/EDUCATION FOR CHILDREN AND ALL YOUNG PEOPLE FROM ALL OVER NORTHERN ARIZONA. YOUNG PEOPLE SHOULD BE FAMILIAR WITH GUNS, NOT FEAR THEM!

THANK YOU FOR MY INPUT. Joe Andrews

In your opinion, what are the advantages or disadvantages of the preferred location?

CENTRALIZED, SAFE, REGIMENTED, FACILITY  
FOR ORGANIZED SHOOTING EVENTS

CONTROLLED, DEVELOPED, FACILITY FOR LAW ENFORCEMENT  
ACTIVITIES

How can operation and management of the Shooting Facility (i.e. hours or days of operation, types of activities) be used to make the facility a good neighbor in the community?

Other comments or input?

I HEARTILY SUPPORT GOING FORWARD  
WITH THIS FACILITY. I AM A LAW  
ENFORCEMENT FIREARMS INSTRUCTOR AS  
WELL AS A PRIVATE BUSINESS OWNER OF A  
FIREARMS TRAINING COMPANY. THIS WILL BE  
A TRUE PLUS FOR BOTH.

In your opinion, what are the advantages or disadvantages of the preferred location?

The location is close enough to the growing population centers of Camp Verde, Cottonwood & Sedona as well as Flagstaff to serve a larger number of people than the other proposed sites. It is also more accessible to Phoenix.

How can operation and management of the Shooting Facility (i.e. hours or days of operation, types of activities) be used to make the facility a good neighbor in the community?

Dawn to dusk, 7 day a week operation is optimal. Twenty four/seven, security presence is desirable as "transients" are a problem near the freeway. A family picnic area is an excellent idea to foster interest in shooting sports.

Other comments or input?

I was most impressed by the insightful and thorough preparation which has already gone into this project. The presentation and informational posters made the issues easy to understand and appreciate. This is such a great project! I support it 110%!
