- How did you hear about tonight's Open House?       Newspaper       Mailer
- Public Service Announcement       Other NRA email

In your opinion, what are the advantages or disadvantages of the preferred location?  
Location! It's really convenient to Sedona, Flagstaff, Camp Verde & Cottonwood.

How can operation and management of the Shooting Facility (i.e. hours or days of operation, types of activities) be used to make the facility a good neighbor in the community?

I'd like to see 7-day operation, plus the variety of activities you have listed on the information board are great. I think many of us would be happy to shoot at a finished facility, instead of the make-shift areas we do now.

Other comments or input? I think this will be better for the economy of northern AZ than the Sno-Bowl. It'll bring tourist dollars, plus encourages local residents to stay in the area for recreation.

How did you hear about tonight's Open House?  Newspaper  Mailer  ~~Other~~

Public Service Announcement  Other ATA business

In your opinion, what are the advantages or disadvantages of the preferred location?

Good location for shooters not only in the north but also easy access for the greater Phoenix area - not close to residences

How can operation and management of the Shooting Facility (i.e. hours or days of operation, types of activities) be used to make the facility a good neighbor in the community?

Do your homework in the beginning - proper selection of the site - as outlined in the presentation - best if the closest residents could not tell it exists

Other comments or input?

I can help - let me know  
ATA Delegate State of Arizona

### Comment Sheet *Arizona State Rifle & Pistol Association*

Thank you for attending tonight's meeting. We would appreciate your input on the development of the Northern Arizona Regional Shooting Facility. You may leave your comments today or send your comments by **May 12, 2006**, to Mark Meyer, Logan Simpson Design Inc., 51 West Third Street, Ste. 450, Tempe, AZ 85281, phone: 480-967-1343, fax: 480-966-9232, or e-mail: mmeyer@lsdaz.com.

Name: Ron Talbott, Northern Director Arizona State 7

Address: 1206 E Harmony Way, Flagstaff, Az 86004 Rifle & Pistol Assoc. C.

- Would you like to be included on our mailing list?  Yes  No
- How did you hear about tonight's Open House?  Newspaper  Mailer
- Public Service Announcement  Other \_\_\_\_\_

In your opinion, what are the advantages or disadvantages of the preferred location?  
This site has great access especially for people coming from Phx. The topo is workable with suitable berms. I do not see any significant disadvantages. I think the site is close enough to Flagstaff.

How can operation and management of the Shooting Facility (i.e. hours or days of operation, types of activities) be used to make the facility a good neighbor in the community?  
The economic boost to Flagstaff and Munds park should be significant. I do not expect sound to be a problem of area residents due to distance and topography.

Other comments or input?  
This range will provide a great place for summer shooting. It can also operate during colder months with snow plowing. The shooters from southern Arizona should support organized competitions here.

# Northern Arizona Regional Shooting Facility

**COMMUNITY INFORMATION MEETING Thursday, April 27, 2006**

**Comment Sheet** *Flagstaff Shooting Association*

Thank you for attending tonight's meeting. We would appreciate your input on the development of the Northern Arizona Regional Shooting Facility. You may leave your comments today or send your comments by **May 12, 2006**, to Mark Meyer, Logan Simpson Design Inc., 51 West Third Street, Ste. 450, Tempe, AZ 85281, phone: 480-967-1343, fax: 480-966-9232, or e-mail: mmeyer@lsdaz.com.

Address: *1206 E Harmony Way, Flagstaff, AZ 86004*

Would you like to be included on our mailing list?  Yes  No

How did you hear about tonight's Open House?  Newspaper  Mailer

Public Service Announcement  Other \_\_\_\_\_

In your opinion, what are the advantages or disadvantages of the preferred location?

*This is a very good location, Flagstaff shooters will support and use this facility. The local clubs will be quick to run shooting matches here.*

How can operation and management of the Shooting Facility (i.e. hours or days of operation, types of activities) be used to make the facility a good neighbor in the community?

*The economic impact to the area should be a very good improvement. I do not think traffic will be a significant problem due to the capacity of I-17 right near the site.*

*The construction of a shooting range for Flagstaff is long overdue. This process has lasted many many years. The shooters of Flagstaff have become very discouraged with this disappointing process.*

Would you like to be included on our mailing list?  Yes  No

How did you hear about tonight's Open House?  Newspaper  Mailer

Public Service Announcement  Other from my husband

In your opinion, what are the advantages or disadvantages of the preferred location?

It is located far enough from residential areas  
It is closer to people in the Sedona area for them to see it as well  
Phoenix people will probably come on weekends as well

How can operation and management of the Shooting Facility (i.e. hours or days of operation, types of activities) be used to make the facility a good neighbor in the community?

Find out when people would want to use the facility and how they would like to use it. This will change with time and knowledge of the range.

Other comments or input?

It is important to have an organized and managed location for shooter to use

# Northern Arizona Regional Shooting Facility

**COMMUNITY INFORMATION MEETING Thursday, April 27, 2006**

## Comment Sheet

Thank you for attending tonight's meeting. We would appreciate your input on the development of the Northern Arizona Regional Shooting Facility. You may leave your comments today or send your comments by **May 12, 2006**, to Mark Meyer, Logan Simpson Design Inc., 51 West Third Street, Ste. 450, Tempe, AZ 85281, phone: 480-967-1343, fax: 480-966-9232, or e-mail: mmeyer@lsdaz.com.

Name: Mark Jalving

Address: P.O. Box 1607, Camp Verde, AZ 86322

- Would you like to be included on our mailing list?       Yes       No
- How did you hear about tonight's Open House?       Newspaper       Mailer NRA
- Public Service Announcement       Other \_\_\_\_\_

In your opinion, what are the advantages or disadvantages of the preferred location?

Advantages: Ease of access, cooler summer temperatures, opportunities for competitions, youth development, limiting "wildcat" "dry-wash" shooting, promotion and encouragement for the preservation of shooting sports & 2<sup>nd</sup> Amendment rights.

Disadvantages: Topography, tree cover wildlife exclusion (fencing), regulation (elimination of "wildcat", "dry-wash" shooting, which is discouraging to many recreational shooters.

How can operation and management of the Shooting Facility (i.e. hours or days of operation, types of activities) be used to make the facility a good neighbor in the community?

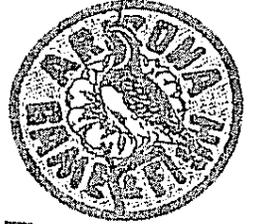

High power and shotgun noise can be annoying and carry very long distances in the early-morning hours. Minimize the cost of admission (range fees) which will discourage local recreational shooter. Competitors will always pay but not locals if it's too expensive.

Other comments or input?

Elk fencing will need to be provided to exclude the animals from the ranges, perhaps not the entire facility (including the butter), but from the shooting areas. This fencing can be expensive to build and maintain. Also, always consider range development for shooting into the north, northeast, thereby never looking into the sun during any time of the day or year.

How did you hear about tonight's Open House?

- Public Service Announcement

Would be happy to serve on planning committee

In your opinion, what are the advantages or disadvantages of the preferred location?

Advantages - Freeway access, slow residential development  
Relatively "flat" terrain. Good buffer between shooting  
ranges + Highway + nearest town. Plenty of room for  
camp sites if desired

How can operation and management of the Shooting Facility (i.e. hours or days of operation, types of activities) be used to make the facility a good neighbor in the community?

Placing the Archery Ranges close to the highway will help  
mitigate requirement of noise control.

Other comments or input?

Open spaces / Indoor / Archery  
Ranges / Range / Range

Public Service Announcement  Other \_\_\_\_\_

In your opinion, what are the advantages or disadvantages of the preferred location?

- CLOSEST TO MY HOME IN SEDONA
- ADEQUATE AREA FOR MOST SHOOTING SPORTS.

How can operation and management of the Shooting Facility (i.e. hours or days of operation, types of activities) be used to make the facility a good neighbor in the community?

- I BELIEVE THAT WILLARD SPRINGS AREA IS FAR ENOUGH FROM SIGNIFICANT POPULATION CENTERS THAT NOISE WILL NOT BE A PROBLEM.

Other comments or input?

- THE FACILITY - AS PLANNED - CAN BE A CENTER FOR SPECIAL EVENTS IN WHICH SHOOTING WILL PLAY A MINOR ROLE, I.E. FIREARMS SAFETY TRAINING INVOLVING SMALL CALIBER RIFLES & PISTOLS.
