

Key

- Planning Area
- Excluded Area
- Potential Location Area

Level II Excluded Areas:

- Access
Site location within approximately 1 mile of roads rated for passenger cars
- Utilities
Utility location within approximately 1 mile of site (can be further depending on other development costs)
- Size
2,000–3,000 acres

Level III Excluded Areas:

- Private Land
2-mile buffer from residential areas;
1.5-mile buffer from unoccupied parcels
- Cultural Resources
Areas of extensive and important cultural resources
- Biological Resources
Areas that would cause significant disruption to sensitive species or big-game habitat
- Habitat Modification
Areas that would require significant site modification for existing habitats
- Cost
Consideration when Level II/III criteria exceed \$2.5 million before construction of facilities
